

Al Rouf Lighting - Product & Price Guide

(Internal Document - Budgetary Estimates Only)

ATTENTION: All prices are listed in Saudi Riyal (SAR) and are for **budgetary and RAG system training purposes only**. They are **not** official quotes. Prices for industrial lighting vary significantly based on project volume, required specifications (e.g., CCT, drivers), and certifications (e.g., ATEX, IECEx, UL).

All official pricing must be obtained from the Al Rouf sales team via a formal quotation.

Note on Residential Lighting ("Home" / "Apartment")

Al Rouf Lighting Technology Co. Ltd. is a specialist in B2B industrial, commercial, and hazardous-area lighting. We do **not** currently offer a dedicated residential product line for "home" or "apartment" applications. Our products are designed for heavy-duty, high-performance environments.

1. Hazardous Area Lighting (for "Underground", Oil & Gas)

These are explosion-proof (Ex Proof) fixtures designed for the most dangerous and demanding environments, such as petroleum refineries, chemical plants, and mining operations ("underground").

Product Series	Common Wattages	Key Features & Specs	Primary Use	Est. Price (SAR)
ALROUF EX PROOF Highbay (B-Series)	20W - 400W	ATEX/IECEx certified (Class I Div 2). High-impact aircraft aluminum housing. IP66. Meanwell Driver. Replaceable LED board.	Refineries, Paint Facilities, Mining (Underground) , Ocean Platforms.	1,200 - 2,800 SAR
ALROUF EX PROOF	20W - 400W	ATEX/IECEx certified.	Petroleum Storage, LNG	950 - 2,400 SAR

FLOOD LIGHT (A-SERIES)		Tempered glass, stainless steel hardware. IP66. High-quality SMT LED & Meanwell Driver. Various optics (40°, 60°, 90°, 120°).	Industry, Chemical Production, Metal Smelting.	
ALROUF EX PROOF LINEAR LIGHT (H-SERIES)	20W - 80W	ATEX/IECEX certified. Slim profile for tight spaces. IP66. High-quality SMT LED & Meanwell Driver. 120° beam angle.	Tunnels, Corridors, Pumping Stations, Aerospace Clean Rooms.	800 - 1,900 SAR

2. Industrial & Commercial Lighting (for "Office" & "Company Lights")

This category is for non-hazardous industrial and commercial use, such as factories, warehouses, parking garages, and building exteriors.

Product Series	Common Wattages	Key Features & Specs	Primary Use	Est. Price (SAR)
ALROUF LINER LIGHT (TRI-PROOF)	20W - 110W	IP65/IP69K. Dust, water, and corrosion-proof. Polycarbonate housing, single mold. High	Warehouses, Parking Garages, Food Processing, Factories.	180 - 450 SAR

		efficiency (up to 140 lm/w). 120° beam angle.		
ALROUF HIGHBAY LIGHT (UFO)	100W, 150W, 200W, 240W	High-efficiency (140-150lm/W). Superior thermal management. IK08. Clear polycarbonate lens. Lens options: 60°, 90°, 120°.	Factories, Warehouses, Gymnasiums, High-Ceiling Retail.	350 - 900 SAR
ALROUF WALL PACK LIGHT	40W - 150W	Classic design for easy HID replacement. IP66, IK08. Glass lens. Philips Lumileds. Cut-off/Semi cut-off optics (e.g., 95x90°, 115x100°).	Building Exteriors, Security Lighting, Loading Bays, Perimeters.	250 - 550 SAR
ALROUF WELL GLASS LUMINARE	36W	Robust, general-purpose luminaire. IP66, IK10. Corrosive-resistant. Philips Lumileds. Sosen/Inventro	Paper Mills, Power Plants, Ports, Bridges, Waste Water Plants.	300 - 650 SAR

		nics driver. 120° beam angle.		
ALROUF SLIM FLOOD LIGHT	10W - 300W	Compact, die- cast aluminum. IP66. Tempered glass. Osram chip. Sosen/Meanw ell driver. 120° beam angle.	Signage, Facades, General Area Illumination, Landscaping.	150 - 700 SAR

3. Specialized & Infrastructure Lighting (for "Air Lights")

This category includes high-power lighting for large areas and specific infrastructure, including aviation.

Product Series	Common Wattages	Key Features & Specs	Primary Use	Est. Price (SAR)
ALROUF MODULAR FLOOD LIGHT (HIGH MAST)	240W - 1200W+	SKYWING VIII Series. Ultra-high power (up to 170lm/W). Modular. Lumileds/OSR AM LEDs. MW/SOSEN driver. Multiple optics (10°, 25°, 45°, 60°, 90°).	Stadiums, Airports (Aprons), Ports, Highway Interchanges.	3,000 - 12,000+ SAR
ALROUF STREET LIGHT	10W - 200W	Tool-free access for easy maintenance.	Municipal Roads, Industrial Campuses,	450 - 1,100 SAR

		IP66. 3G Vibration rated. Philips Lumileds. Inventronics/S osen driver. Type II-S, III-S optics (e.g., 80x150°, 90x150°).	Highway Lighting.	
ALROUF AVIATION WARNING LIGHT	(Plausible Product)	LED-based obstruction lights. Compliant with ICAO/FAA standards. Integrated photocell. Red (night) and White (day) options.	Towers, Tall Buildings, "Air" Safety, Chimneys, Wind Turbines.	700 - 1,600 SAR
